## BOARD OF TRADE.

The thirteenth meeting of the Bow Island Board of Trade was held in the Bank rooms on Monday night last. After the minutes had been read and confirmed, the Secretary reported that during the visit of C. A. Magrath M.P., here on the Friday previous, the subject was brought up of protecting the settlers against cancellation owing to the extraordinary conditions prevailing, and a wire was dispatched to the Minister of the Interior to this effect.

In reply to this, on the 10th inst., there arrived the following: "Your telegram yesterday date to Commissioner re homesteads affected by drought. Matter now under consideration. Will advise you promptly as soon as decision is reached."—W. W. Cory.

Upon the motion of A. Swenson and H. Beattie, it was resolved to write the Department of the Interior stating that in the opinion of that Board no interest should be exacted from homesteaders on their pre-emption until such time as conditions improved, and, further, that they should be allowed to leave their homesteads until March 1st, 1911, without having themselves open to cancellation.

A letter from the Commissioner of Irrigation with regard to making electric arrangements for obtaining water from the C.P.R. was ordered to be laid before the Village Council, on motion of H. E. Beattie and A. Swenson.

It was also moved by H. E. Beattie seconded by S. D. McCrea, that a petition be circulated asking the Alberta government to install a local telephone exchange as early as possible, and same be forwarded to John Stocks, Supt. of Telephones, Edmonton, Messrs. S. D. McCrea and W. S. Donnelly being appointed to circulate the petition.

The question of the crossing over the coulee north of town then came up, and H. E. Beattie and A. Swenson moved and seconded that the Secretary be instructed to write Mr. Alworth, Inspector of Freightrails, etc., Lethbridge, stating that Mr. Falgout incident using timber subject for erection of crossing over coulee north of town between 10-11-10 and 20-11-10 instead of 24-11-11 and 10-11-10 and after that the interest of the public would be much better served by having it in the last-mentioned place.

The meeting place of the Board was changed from the Bank to Quong Sang & Co.'s, this being necessitated by the alteration of time of meeting from 8 p.m. to 6 p.m., on the first and third Mondays.

The meeting then adjourned.

## FOREST FIRES IN B.C. CAUSE BIG LOSS.

Nelson, B. C., July 22.—Forest fires reached the Revelstoke Lumber Company's big plant at Revelstoke this afternoon, completely destroying it with a loss of over \$100,000.

Victoria, B. C., July 22.—General fire reports from all parts of the province have been confirmed by dispatches to Premier McBride. Minister of Lands Ellison and other officials at the capital, place the aggregate losses of the present week by bush burnings at not less than million and a half dollars actual, while fully half a million more will be lost in enforced suspension of industrial enterprises, such as mining, lumbering, etc. Sloan continues the local point of the danger suit, and Chief Fire Warden Gladwin has been dispatched there to take charge of the army of defence.

Premier McBride has sent word to the Government Agent Chipman at Kaslo to extend aid to all requiring it and has also empowered the fire wardens to engage every man available for the work of fighting the flames.

A complaint has been received by the Premier from the management of the Humber Cariboo mines asking that an investigation be held into the fire which having done \$250,000 damage at that point and claiming that two weeks ago fire might readily have been extinguished.

Seattle, July 22.—The forest fires raging between Lake Washington and Seamanish are destroying the successive growth of trees. Men are working day and night to save a strip of virgin forest in the Coal Creek district.

Milwaukee, Wis., July 22.—Dispatches from the northern part of the state tell of havoc by forest fires in small lumbering towns. Kaukauna town of 400 inhabitants and Helmenau a town of 500 people, were destroyed. Forest fires are also raging in the vicinity of Winthrop and a large amount of lumber and timber belonging to the Hallett Lumber Co., have been destroyed.

## CANADA'S CALL TO THE CHURCH.

We give below a synopsis of the address given by the Rev. Mr. Lindsay Wright in the Presbyterian church on July 12th, and entitled "Canada's Call to the Church."

After showing the greatness of Canada's area and resources, Mr. Wright enumerated a few of the great things in Canada, such as the largest nickel mine, the richest silver nickel-cobalt deposits, the most valuable asbestos deposits, the thickest known coal seam, the largest forest area, and the greatest aggregate of water power of any country in the world. He said he had the idea that God was in everything, and if this was so what a bit of the eternal we have in Canada.

If the Church is to meet the needs of this land so rich in resources, there must be a consolidation or harmonious blending of forces on the great issues which require her attention.

1. First, there comes the call to the Church to guard the land against low ideals due to the ignorance of things that are better. This he applied to the working of the land, the occupation of it with special reference to the Oriental and the immigrant from South-east Europe. We have been importing the land because of greediness and lack of discrimination. The same lack of discrimination has been shown in our immigration. But while the state puns the grain and flint of eastern countries upon our shores the Church must be the scavenger which will purify and assimilate these. All the better class of immigrants, such as those who come from Great Britain, the United States and Scandinavia and Germany should feel that they have a part in this.

2.—The Church should endeavor to purify politics by her members placing principle before partisanship.

3.—She must save men individually, but must reach them socially. The old sins have been transplanted to the new cities and the Church must help away with intemperance, impurity and the worst shop system. She must be interested both in the employed and the employer. She must recognize the difficulties of both.

4.—Her place is not so much that of an agitator as a comforter and educator.

5.—The Church should bear the weight for education. While education lies outside of the Church it answers to the Church's call for educated men and it sends back the call for the Church to help. The Church has to face a difficult question in "What answer have I to give to the inquiring mind of the religious soul?"

6.—How is the Church to meet this call?—1. The Church has a past history. It does not endorse her means of meeting present requirements but will show her where to get the new. 2. She has a literature, especially the holy scriptures. She has a great work in interpreting these in the thought and needs of the day. 3. She has a leadership, an original membership, and wealth. 4. She can answer the call by these all giving and doing, by their having intellectual, moral and religious courage to search out the truth and declare it, but above all by the assistance of the Holy Spirit.

## BOW ISLAND-SOUTH.

Mr. Tom Cooper has just moved his residence over a new cellar he has dug. You will be able to spend many pleasant hours next winter picking over his potatoes.

The crops in the district are looking fine considering the season we have had, most of the grain is heading out; wonderful showing for a dry season. There would be no stopping the grain in its upward course if we were to get a normal rainfall.

Charles Riley is breaking in a stylish looking driver. I wonder what is going to happen.

Rev. Frank Hunter is still bustling around. May he have continue to hustle in the cause of right.

Mrs. Sutton of Montana is visiting Mrs. Fred Taylor.

Mr. G. W. Johnston is boring for water. The operations are under the supervision of Mr. Grande, well-boring expert.

Methodist Church services held on Sunday July 24 at Home of Mr. Fred Taylor 2:45-4:15 at 11:30 p.m. and Mr. Anderson's 17:0-11 at 3:30 p.m. and Mr. I. N. Auble's 2:45-4:15 at 7 p.m. Good music, everybody welcome.

Mr. J. E. Partridge has opened a liquor parlor near the C.P.R. depot.

Publisher and Prop.

### ADVERTISING RATES

Transient Advertising such as legal notices, tenders, readers, etc., 12c per line 8c per line each subsequent insertion. Lost, Found, Wanted, etc., 40c for first insertion, 25c each additional one.

Commercial Advertising rates on application. Professional Cards occupying one inch \$3.00 per quarter. Commercial Advertising payable monthly all other in advance. Four insertions constitute a month except per year contract.

To ensure insertion of advertisements and new ads., notification of same must be made to this office before 12 o'clock noon Wednesday of each week. Local items of interest as news, accepted up to each Friday. This rule is not a hard and fast one, but we cannot guarantee insertion after that time.

Marriages, birth and death notices inserted free.

### NOTICE TO CORRESPONDENTS

We invite Correspondence on all matters of public interest, and especially country news, but reserve to ourselves the right to omit any part or all the copy submitted. The name and the address of the correspondent must accompany all letters for insertion, though not necessarily for publication.

Country correspondents are requested to have their copy reach the office by Tuesday noon of each week. Country letters arriving the latter part of the week are frequently crowded out, and by the next week some of the news has lost much of its value on account of its age.

### JOB WORK

THE REVIEW OFFICE is well supplied with all kinds of type, and is prepared to execute at the shortest notice any job work from the daintiest of cards to full sheet posters.

It's a good sign to see our harmonious in town working harmoniously together, and it is better still to think that this is but another link in the chain which gradually but surely is encircling the religious peoples of Canada into one mighty body. In this respect the Dominion is showing a splendid example to the older nations, and one which we believe is destined to play a very important part in the lives of the present and future generations. What a mighty factor it would be if all the religious organizations were to band themselves together and work for the common good. Its influence would be incalculably great, its power tremendous, and its effect upon mankind would be such that we shudder not even to guess at it. And the possibility of its fulfillment is not improbable by any means, when we consider the marvellous discoveries and the clever inventions which are marking the passing of the present century. The past generation would, and probably

did, think it impossible for several things to be brought into existence which to-day are being used and treated by us as quite ordinary conveniences, just as to-day there are numbers who pool-pool the idea of a Church union. The movement, however, is gradually extending itself, and this recent friendly agreement among our ministers locally is but another of its little ripples.

A crop report issued by the Saskatchewan Government lays emphasis upon the fact that when land has been thoroughly cultivated and the moisture conserved the crops will be even and profitable. The opinion expressed therein may very well relate in the same degree to the southern portion of this province.

The consensus of opinion expressed by experts is that time the determining factor in crop conditions this year is not early or late sowing, frost, drought, or heat, so much as whether or not there was moisture stored

in a well-tilled soil before the seed was sown. Where this condition existed the other factors have had very much less influence upon the condition of the crop germination has been even, the growth steady, and a profitable crop will be secured. Where this condition was absent, one or more of the other factors has come into play, and the crop has been largely at the mercy of frost, drought, heat or some other weather condition.

### RAILWAY LABOR

Owing to the great scarcity of railway laborers it has been decided to admit from all countries except Asia construction laborers who are mentally, morally, and physically fit, willing to work and who are guaranteed employment by contractors of railway companies irrespective of money qualification or direct journey.

This means that for the time being railway construction men are placed in practically the same position as so far as immigration regulations are concerned as farm laborers have been in the past. It also means that contractors in the prairie provinces and on the Pacific Coast will be able to secure large numbers of Scandinavians and others first-class construction men who under the strict immigration regulation might be debarred for the lack of the required \$25 or for not coming from the country of their birth or naturalization. This alteration in the regulations is of special importance to railway contractors in view of the fact that operations have been considerably curtailed across the border, and first-class men are therefore easily available.

The little town of Warner was in great danger of being swept from the map Saturday by a bush fire, which raged furiously most of the afternoon and all night. A heavy wind was blowing, which made it spread very rapidly and defied the best efforts of those who tried to delay its progress. The origin of the fire is unknown. It originated some distance away, back on the foothills and soon the occupant's mills and yards were in great danger. Several of the residences near the C.P.R. tracks were threatened but by every available man turning out with his shovel the course of the fire was turned. Great excitement prevailed until evening, scores of people having packed everything they valued most, in case of fire the worst should come. At the time of writing the greatest danger has passed, as the fire has now reached an open space. Some time through the night the four men who were reported lost in the flames were found by the fire fighters and rescued. The loss of property cannot readily be estimated, as it has burned over a very large area.

## TRADING CO'Y

Pioneer and Leading Merchants of Bow Island.

## Local Topics.

Messrs. J. Olquist, W. H. Hopkins, H. E. Carlson and H. Cooper were up at Grassy Lake Wednesday to assist Messrs. Brophy and Cooper in proving up. It seems that they also took a side-glance at the crops en route, for they returned feeling more than ever satisfied with those around Bow Island.

Roy McGregor commenced cutting his 100 acre field of wheat yesterday. The crop is described as a good one, and the yield will be far above the average. Roy purchased a new binder Wednesday from W. S. Donnelly for the operation.

We very much regret to announce the death of the little son of Mr. Thos. Prouse, which took place at Lethbridge on Thursday following a severe attack of cholera infantum. Both Mr. and Mrs. Prouse will have the warm sympathy of a large circle of friends.

If you have anything to sell want to buy, or are desirous of discovering the whereabouts of lost stock, try a little advt. in the "Review." It circulates all over the country and will prove a wonderful and efficacious agent in your interests. Try it.

D. Needham is amongst those who have a pretty good opinion of the capabilities of our soil and is backing up his opinion by having 100 acres broken up on his farm four miles east of town. Watch for a record crop next year.

A. Whitney, who is riding for the Southern Alberta Land Co., received injuries this week through his horse stepping into a badger hole, and which necessitated a visit to the Medicine Hat hospital.

We are now in direct communication with Lethbridge, the telephone having been stalled here during the past few days. The central is located in the office of Mr. E. C. Ludtke.

We understand from the Bardett Tribune has suspended operations. Whether this is due to rocks, slumps or to the scarcity of water, our Pilot does not inform us.

Mr. William Waddell, who is reported in our last issue, is suffering from a snake bite, is still gradually improving, a relapse, however, at the beginning of the week having slightly delayed this.

Mr. John Malone of Edmonton, with his daughter Miss Ruby, is visiting his sister here Mrs. A. Smith. It is eighteen years since brother and sister met.

The Hotel Myrtle was visited this week by Licence Inspector Nimmans of Lethbridge, who expressed himself as being well pleased with everything in connection with it.

Correspondence is solicited from Winnifred, Bardett, Whitha, or any other city having a thriving and enterprising community.

Miss Annie Olson, formerly of the Alberta hotel, is visiting Mrs. J. Olquist previous to going to her parents south of Grassy Lake.

Having two strings to one's bow is a good proposition. So at least thought Ben Whitney when he branched 28 colts the other day.

We are glad to report that Mr. T. W. Dyer, who has been on the sick list for a few days, is rapidly improving.

Mrs. E. Porter of Winnipeg, who has been visiting Mrs. R. H. Robertson for a couple of weeks left this week for Red Deer.

J. Parth has secured the contract for the new school-house in 10-10.

The fruit and confectionery business of Davidson & Company, situated in the Lindquist Block, has been purchased by Mr. E. H. Wilmut.

A very pleasant time was spent at the river on Saturday last by a party of friends got together by Mr. Jas. Pollitt.

Mr. Cecil Henderson of Sintulaha, is visiting his parents, the Rev. and Mrs. H. M. Henderson, for a couple of weeks.

Ed. Coulter of Medicine Hat arrived here this week to go on survey for the Southern Alberta Irrigation Co.

The subject on Sunday next, July 24th, in the Presbyterian church will be "where can we find salvation."

Lumber Co., Whinnifred, gave us a call on Thursday.

C. H. Bell and John Sagerson left Monday night for points north.

Fred Taylor and A. Sutherland were in from the south Wednesday.

Jas. Mitchell of Medicine Hat went out this week to ride for the Southern Alberta Land Co.

R. E. A. Colpouns a fine litter of bull pups this week.

T. McKennie left for the east this week.

## ASSOCIATION FORMED

On July 15th, a number of the clergy in Bow Island and surrounding district met in the Presbyterian church for the organization of a Ministerial Association. It was decided that it should be called "The Ministerial Association of Bow Island and District," and that the ministers and students of all religious denominations should be eligible for membership.

The following officers were elected:

Hon. President, His Lordship the Right Rev. Bishop of Calgary.

President, Rev. H. M. Henderson.

Sec.-Treasurer, Rev. M. L. Wright.

After the election of officers the Rev. M. Lindsay Wright gave a paper on "Canada's Call to the Church," and the Rev. H. M. Henderson led the discussion, followed by Rev. T. W. Beattie and T. W. Cleave.

The next meeting will be held in Bow Island at 3 p.m. on the first Thursday in August, when a paper will be given on "The Inspiration of the Old Testament" by the Rev. H. M. Henderson; the discussion will be led by the Rev. T. W. Beattie.

## RE-ORGANIZATION.

The Methodist Sunday School was reorganized last Sunday, July 17, with the following teachers and officers:—

Superintendent, Mrs. M. L. Wright; Assist.-Supt., Mr. Wall; Secretary, Miss E. Pasley; Treasurer, Mr. Edmund Pasley; Organist, Mrs. Fuller; Assistant Organist, Miss Maud Wehrum; teacher of adult class, Rev. M. L. Wright; young women's class, Mrs. Hurlbert; young men's class, Mrs. Wright; girl's class, Mrs. Jones; boys' class, Mrs. Hopkins.

The Methodists are organizing a choir with Mrs. S. D. Rae as organist and Mrs. M. L. Wright, A.T.C.M., as conductor. Practice will be held Saturday evening at 8 p.m.

A dispatch from Hilary, England, dated July 10, states that Corp. Hodges of Oxford University, with a score of 100, was the winner of the King's prize, Lord Morris, of Bournemouth, Ont., with 387 was second. Sgt. Beveridge Sixth South Rifles, with 380 was third. Sgt. Dunsen, Queen's Edinburgh, with 381 was fourth. Morris shot with a Ross rifle.

## CALGARY CONFERENCE

Some very characteristic speeches were made at the Presbyterian Conference held at Calgary last week, most of the speakers deplored lack of public worship existing among the men of the west.

Mr. Beattie, from Bow Island, said he thought that the people in the west did not attend to spiritual duties as they did other people.

Mr. Ross of North Bow Island, spoke of former missionary experiences where he had to sleep in the same stall with Old Dick, his horse, and get crackers and cheese on credit from the store for his supper, and pay it out of the collection. He told how timorous he was about speaking of the financial side of the work until one night, after an exhausting tramp through the snow getting his feet frozen and having to be janitor on his arrival, he lost patience and gave the people a piece of his mind, and they collected \$500 each and paid it over to him. His field is supported by Mr. Arnold and Mr. Mrs. Dingle.

## NEW C.P.R. BRANCH.

Efforts have been made to persuade the C.P.R. to commence their new branch south from the Lethbridge end. A request was sent to the company start operations from the Lethbridge end as well as from the Weyburn end. Mr. Magrath, M.P., received a reply from Mr. Whyte, vice-president of the C.P.R., that it would not be possible for them to build the road from the Lethbridge end, as had been suggested but that it might be possible to complete the road from Carmangay to Aldersyde.

This is the road that is generally known as the Calgary-Lethbridge road. It had been decided to build thirty miles of this road but not complete it this season.

The C.P.R. is busy surveying the road which will run south of Bow Island but no actual construction will be undertaken this year. It has been decided that this road will branch off at Carmangay.

## Bow Island Directory.

A J. W. Wells Manager of the Northern Crown Bank at Langham was drowned Monday. While bathing in the Saskatchewan River he got caught in a swift current and sank instantly.

Four children perished in a burning hay barn owned by Jno. Adams at Rosedale South of Bradford Ont. on Thursday. Three of the victims were sons of Farmer Adams and were aged 12, 9, and 8 years old.

Parties coming north from different parts of Montana say that the sheep in that state are dying by thousands from the drought. Many bands are miles from water and the country is too dry and bare to move them, while other bands which are "on water" are being sold at a dollar fifty a head, there is no grass or hay to feed them. The sheep industry in Montana is one of the biggest in the state, there being more than eight million head of sheep within its boundaries.

Allen and Emma Kitching, daughter of Mr. and Mrs. George Kitching of Banter, were drowned Monday afternoon. The girl accompanied by the two daughters of Robert Wilson went bathing in Beaver Creek. Allen and Emma went in the water first and in spite of the warning of Grace Wilson, who was nearby, they were drowned. They were rescued by Grace Wilson, who then Allen Kitching got beyond their depth and sank. The bodies were recovered but the most strenuous efforts could not resurrect them.

## Professional

GEO. P. PORTER

Licensed Auctioneer, Valuator and Appraiser. Grassy Lake, Alta.

J. HAMPER PHOWSE, R.A., L.R.B. Barrister, Solicitor, Notary Public. Money to Loan. P.O. Box 235, Taber, Alta.

B. LEUCKE A. HAMPER

Forest fires of huge proportions are raging in the foothills south-west of Calgary and unless heavy rain falls immediately in the fire belted regions, millions of miles worth of forest timber will be lost.

The dead bodies of four victims of forest fire that are raging in the vicinity of Stansel and Kaslo B.C. were found Monday in a tunnel of the Lucky Jim mine where they had sought shelter from the intense heat and smoke.
